## Birthday Party Rules

1. No alcoholic beverages –no exceptions.
2. No food, drinks or gum inside the gymnastics area – no exceptions.
3. The parents can enter the gym area to take pictures and watch following certain guidelines:
  - Have to sign the release form.
  - No shoes.
  - Don't interfere with the on going class – it will distract the kids and the instructors will loose control of the class. If this happens the party will be an open gym where the instructors will be located in specific areas to ensure the safety of the kids. **\*\*Very important rule for birthday parties of four year olds and younger.**
  - For safety reasons don't try to teach your or any other child the skills.
4. The time inside the gym is one hour. We can extend the time for an additional fee when possible. The time in the gym has to be before they eat – no exceptions. After they eat there will not be anyone allowed in the gym.
5. The entertainment during the half hour in the lobby area is the parent's responsibility. The area will be cleaned so you can dispose of it as you wish. For your comfort and enjoyment it will be our responsibility to clean after your party.
6. Children must come in comfortable clothes. No hanging jewelry or big belts that can injure them.
7. Gym snacks and beverages, including ICEE, will be available at the normal selling price.
8. **For safety reasons we hire our personnel depending on children attending so please let us know a week before the party how many children you are expecting. The number of children notified or attendees (whichever is greater) will determine the cost of the birthday party.**
